

# READY FOR DIGITAL SIGNAGE

WolfVision's Cynap is the all-in-one solution for high performance presentation and collaboration, offering power and multi-functionality. Combined with the versatility of easescreen, the leading digital signage software, the possibilities of using screens are endless.

## THE COMBINATION MAKES THE DIFFERENCE

- Powerful & multifunctional all-in-one solution: presentation, collaboration & digital signage
- Alerting, operation, and information: screensaver for digital signage applications
- The Cynap media player is natively compatible with easescreen
- Easy integration into existing networks and comprehensive hardware compatibility
- Control of peripheral devices

- Maximum flexibility: on-prem or cloud hosting (minimum installation effort).
- Advantageous USP: immense added value through the software extension of a popular hardware.
- Meaningful added value: an enriched user experience that will be remembered!
